

World Para Athletics Point Scores for Track Events 2025

Calculator

Rules for rounding: final points for certain time (e.g. 14.53 s) are rounded down

required time for certain points (e.g. 1000 points) is rounded down

Examples

11.10 s = (exact calculation) 985.892848 points = (official) 985 points

1000 points = (exact calculation) 11.034276 s = (required for 1000) = 11.03 s

To convert time [s] to points or vice versa, enter the value into the respective columns below.

The rounding rules are automatically applied and show official points and required times.
